

## About the CMSC

The Coordinate Metrology Society Conference (CMSC) is the world's premier event for Measurement Technology Professionals sponsored by the Coordinate Metrology Society. Established in 1984, the five-day annual conference is held each year at a different location and attracts visitors from around the globe.

CMSC is acclaimed for its comprehensive program of top-shelf white papers and applications presentations given by industry experts from science and research laboratories and manufacturing industries, such as aerospace, space hardware, antenna, automotive, shipbuilding, power generation, and general engineering. No other trade show rivals the high level of authoritative information provided by CMSC members and master users of portable metrology solutions for quality control, quality production, and precision assembly.

For more information about CMSC and the Coordinate Metrology Society, visit [www.CMSC.org](http://www.CMSC.org). The Coordinate Metrology Society is devoted to expanding and promoting the usage of mobile metrology systems and education. The membership assembles each year at the Coordinate Metrology Society Conference (CMSC) to learn about the latest in-use advancements and new product developments in measurement software or systems that produce, utilize, and analyze three-dimensional coordinate data.

## Exhibit Hall and More

Expert Technical Presentations across the Industry & Keynote Speaker

Hands-On Metrology Exhibit Hall

Interactive Workshops & Networking Events

Ask the Experts: CMM, Inspection Arms, Laser Trackers and Automation

Metrologist Hardware & Software Training

CMS Membership & Certification

CMSC's 40th Year - Metrology Museum

CMSC Friday tour

The Premier Conference for  
3D Measurement  
Professionals

## Coordinate Metrology Society Executive Committee

Left to Right (top):

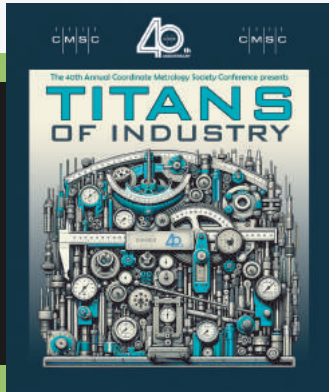

Jan Rode, Matt Ilardo, Tom Kinnare, Rina Molari-Korgel, Dr. Chris Greer, Tom Brown, Kim Madden, Keith Bevan, Amy Gritzinger,

Left to right (bottom) :

Ron Rode, Tara Mitchell, Justin Novak, Bob Elliott, Ulysses Green, Daniel Sawyer, John Kane.

## Who Attends CMSC:

- Users of 3D Metrology Technology
- Users & Vendors of CMMs, laser trackers, inspection arms, 3D Scanners, laser projection system Photogrammetry/videogrammetry system
- Applications Engineers, Metrology Hardware & Software Vendors, Service Providers
- Business Owners & Decision Makers
- CAD Specialists and Researchers & Scientists

## What can I expect at CMSC

July 22nd - July 26th, Monday through Friday

Full Conference includes:

- 20 Technical Presentations & Daily Speakers
- Titans of the Industry Advancing Science we use Daily
- Metrology Hardware Manufacturers,
- Software Developers,
- Contract Service Companies,
- Accessory Specialists
- Metrology Museum Celebrating 40th year Anniversary.
- OEM User Group Meetings,
- Metrology In Training Sessions,
- Women in Metrology
- Metrology Certification Prep Course
- Ask the Experts Sessions for Inspection Reverse Engineering, GD&T, 3D Scanning, CMM Programming, Laser Tracker Best Practices & AI
- Numerous Networking Sessions

## Become a Member!

Engage your management, sales and application engineers, quality and educational departments by providing them with a CMS Membership! This membership includes discounts on exams, access to the library of technical papers, participation in the mentorship program and more! The membership and annual conference offer career development through the certification. The CMS is an advocate of best practices and solution strategies for aerospace, automotive, shipbuilding, energy & power, heavy machinery, marine & navy, and more. **Students can attend for free**

Join us at the 40th annual conference as an Exhibitor, Attendee (& visit the Technical Presentations) or walk our complimentary Exhibit Hall (designated dates and times). Please visit [www.CMSC.org](http://www.CMSC.org) or contact [Marketing@CMSC.org](mailto:Marketing@CMSC.org) for details, requirements and rules

## Complimentary Exhibit Hall Only Pass

Wednesday 1:30pm-5:00pm

Thursday 1:30pm-5:00pm

Obtain your complimentary exhibit hall only pass onsite at the Embassy Suites Conference at 5400 John Q. Hammons Drive NW, Concord, NC, 28027 USA

40th Anniversary Conference  
CMSC 2024

## 2024 Keynote Speaker Announcement

CMSC

CMSC

To celebrate the Coordinate Metrology Society 40th Anniversary, the CMSC is expanding its featured speakers to include 3 keynotes that have been recognized as "Titans" of the coordinate metrology industry: John Brown, Dr. Kam Lau, and John Palmateer. These individuals have spent a lifetime involved in Coordinate Metrology and greatly advanced the science we all use daily. Each morning of the conference will include one keynote to discuss their area of expertise, how coordinate metrology has changed since 1984, and where the industry is going..

John Palmateer

Dr. Kam Lau

John Brown
